CHAIRMAN'S STATEMENT

Rock phosphate is an important mineral source with numerous uses and applications in agriculture and other industries. Phosphate is an essential nutrient needed for plant growth and development. Global phosphate consumption has varied from fertilizer industry to detergents industry, ceramic industry and many other industries. In the world market rock phosphate is accepted and marketed as an “organic alternative” to chemical phosphate fertilizer as it is perceived as being more natural and sustainable.

The world phosphate reserves are limited and non-renewable; thus, it should be utilized with effective, optimal and sustainable mining procedures. Eppawala phosphate deposit is a valuable natural phosphate reserve in Sri Lanka with 33-40% of P_2O_5 , considered to be one of the richest and unique phosphate deposits in the world. Eppawala Phosphate deposit was

discovered in 1971 and the estimates show it consists of 60 million metric tons of phosphate. Rock Phosphate fertilizer is produced by Lanka Phosphate Limited (LPL) through mining and processing to fulfill the local phosphate fertilizer requirement in the country. With the current capacity, LPL produces around 50,000 mt of Eppawala Rock Phosphate (ERP) annually, for local requirement and it reaches to the farmers through private and public fertilizer companies. Currently LPL produces two types of rock phosphate fertilizers namely Eppawala Rock Phosphate (ERP) and High-Grade Eppawala Rock Phosphate (HERP) which are used as phosphate fertilizer for perennial crops in the country. In addition, LPL has been operating a Coconut Fertilizer mixing plant since 2014.

Lanka Phosphate Ltd (LPL) was incorporated on 10th July, 1992 in terms of the conversion of public corporations or government owned business undertaking into Public Companies Act, No 23 of 1987 to take over the Eppawala Phosphate Project of the State Mining & Mineral Development Corporation. It is fully owned by the Secretary to the Treasury on behalf of the Government of Sri Lanka. LPL becomes a fully independent organization with the separation from Bogala Graphite Ltd in November 1998.

According to the government policy framework, 'Vistas of Prosperity & Splendours' to build up a community who are healthy and productive through advanced agricultural development, LPL will have to play a leading and crucial role in fertilizer manufacturing industry in the country. The latest achievement in the history of LPL could be mentioned as the introduction of its own brand name "Eppawala Pohora" to enhance the direct availability of ERP for farmers and fertilizer mixtures at nominal price. The company is currently in the process of more technical advancement and productivity improvement in order to undertake the leading role in the industry.

The financial year 2019/2020 ended achieving a gross turnover of Rs.510 Million which is a favorable increase compare to last year. It is further to inform that Lanka Phosphate Ltd was able to achieve a sales level of 35,171.75 mt of Eppawala Rock Phosphate (ERP), 8,689.65 mt High-Grade Eppawala Rock Phosphate (HERP) and 567.24 mt of Coconut Fertilizer respectively.

Company Board is committed to work out solutions to develop the existing as well as new business opportunities for the optimal utilization of Eppawala Phosphate Deposit. We have recognized the

importance and national need of a more soluble type of phosphate fertilizer for short-term crops to cater to the total requirement of the country. Therefore the company already has started initial steps in introducing local SSP manufacturing as the next immediate requirement in the industry.

LPL as a responsible State organization working together to introduce value added productions, Human friendly environments and staff training programs to develop the necessary skills at all levels to be conversant with the new developments in their respective fields.

In conclusion, I greatly appreciate the guidance, encouragement and support extend by Political leadership, Ministry of Industries, General Treasury and Board of Directors for all achievement of the company.

I wish all the success to Lanka Phosphate Ltd for its future endures.

Eng. Anil Ranasinghe
Chairman
Lanka Phosphate Limited.

AUDIT & MANAGEMENT COMMITTEE REPORT

COMPOSITION

The Audit & Management Committee is appointed by the Board of Directors and it is responsible to the Board. The Chairman of the Committee is the Director who represents the General Treasury. The Director representing the Line Ministry and another Non-Executive Director are the other members of the Committee. Also an officer from Auditor General's Department and the Chief Internal Auditor of the Line Ministry are representing the Committee as observers.

MEETINGS

The Audit & Management Committee met four times during the year of 2019/20 to discuss the issues placed before the Committee. The Committee reviewed and evaluated the quarterly Internal Audit Reports submitted by the Internal Auditor and the existing controls in order to make recommendations to the Board of Directors.

CONCLUSION

After scrutinizing the reports thoroughly the committee has given the instructions to the management for rectifying the issues highlighted in relation to the Company's Accounting policies, operational controls and risk management process. Further, some of the crucial matters were referred to the Board of Directors for their due consideration and necessary action.

1.3 Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with Sri Lanka Accounting Standards, and for such internal control as management determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

As per Section 16(1) of the National Audit Act No. 19 of 2018, the Company is required to maintain proper books and records of all its income, expenditure, assets and liabilities, to enable annual and periodic financial statements to be prepared of the Company

1.4 Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Sri Lanka Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Sri Lanka Auditing Standards, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

2. Report on Other Legal and Regulatory Requirements

National Audit Act, No. 19 of 2018 and Companies Act, No. 7 of 2007 include specific provisions for following requirements.

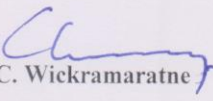

- I have obtained all the information and explanation that required for the audit and as far as appears from my examination, proper accounting records have been kept by the Company as per the requirement of section 163 (2) (d) of the Companies Act, No. 7 of 2007 and section 12 (a) of the National Audit Act, No. 19 of 2018.
- The financial statements of the Company comply with the requirement of section 151 of the Companies Act, No. 07 of 2007.
- The financial statements presented is consistent with the preceding year as per the requirement of section 6 (1) (d) (iii) of the National Audit Act, No. 19 of 2018.
- The financial statements presented includes all the recommendations made by me in the previous year as per the requirement of section 6 (1) (d) (IV) of the National Audit Act, No. 19 of 2018.

Based on the procedures performed and evidence obtained which limited to matters that are material, nothing has come to my attention;

- to state that any member of the governing body of the Company has any direct or indirect interest in any contract entered into by the Company which are out of the normal course of business as per the requirement of section 12 (d) of the National Audit Act, No. 19 of 2018.
- to state that the Company has not complied with any applicable written law, general and special directions issued by the governing body of the Company as per the requirement of section 12 (f) of the National Audit Act, No. 19 of 2018.
- to state that the Company has not performed according to its powers, functions and duties as per the requirement of section 12 (g) of the National Audit Act, No. 19 of 2018.

- to state that the resources of the Company had not been procured and utilized economically, efficiently and effectively within the time frames and in compliance with the applicable laws as per the requirement of section 12 (h) of the National Audit Act, No. 19 of 2018 except for;
 - (a) The company had been purchase of new crusher machine at a cost of Rs. 34,654,178 to meet the increasing fertilizer demand and to reduce the cost of import of fertilizer. However, the machine has been used at a low level since year 2016 and the machine had run only 103 working days and the production was MT. 15,337 as at the end of year under review.
 - (b) The Company had purchased spare parts at a cost of Rs. 7,440,000 for the installation of a new mill machine in 2014. However, the machine was not installed in a suitable place. The spare parts and mill base amounting to Rs.11,513,434 had remained without been used. However, no actions had been taken against the officers who have responsible for the procurement.
 - (c) The Company had been installed a security camera system in the year 2015 at a cost of Rs.2,885,000 and a sum of Rs.1,165,900 had been repairs spent for from during period year 2017 to 31 March 2020. However, out of 34 cameras only 19 cameras are in active condition.

1. CORPORATE INFORMATION

1.1 Domicile and Legal form

Lanka Phosphate Limited (“The Company”) is a limited liability company registered under the Companies Act No. 07 of 2007. In accordance with Act No. 23 of 1987, the Eppawala Phosphate Project of the State Mining and Mineral Development Corporation was converted to a limited liability company.

The registered office of the company is located at No. 73/1/1, New Kelani Bridge Road, Colombo 14 and Rock Phosphate (Apatite) deposit is located at Eppawala.

1.2 Principal activities and nature of operations

The principal activities of the company are excavating, processing and selling of Rock Phosphate, which is used as fertilizer for perennial agricultural crops. In addition, company commenced the mixing operations of fertilizer at Wariyapola, Kanaththewewa in 2014.

1.3 Reporting Period

The period covered by the financial statements are from 01.04.2019 to 31.03.2020

1.4 Date of authorization for issue

The Draft Financial Statements of company for the year ended 31 March 2020 were authorized for issue to the Auditors by the Board of Directors on 09th July 2020

2.0 BASIS OF PREPARATION

2.1 Statement of compliance

The financial statements of the Company (statement of financial position, statement of comprehensive income, statement of changes in equity, statement of cash flows together with summary of significant accounting policies and notes) are prepared in accordance with Sri Lanka Accounting Standards as issued by the Institute of Chartered Accountants of Sri Lanka and in compliance with the requirements of the Companies Act No.07 of 2007.

2.2 Basis of measurement

The financial statements have been prepared on the historical cost basis except in respect of for the following material items in the statement of financial position:

- Available for sale financial assets are measured at fair value
- Liability of defined benefit obligation is recognized as the present value of the defined benefit obligation
- Phosphate Deposit which is utilized to generate income to the company had not been recognized as an assets in the financial statement since the value of the assets couldn't be measured reliably.

2.3 Functional and presentation currency

The financial statements are presented in Sri Lankan Rupees, which is the Company's functional currency and presentational currency. All financial information presented in Sri Lanka Rupees is rounded to the nearest rupee unless otherwise stated.

2.4 Comparative information

The accounting policies have been consistently applied by the Company with those of the previous financial year in accordance with LKAS 01 - presentation of financial statements.

2.5 Materiality & aggregation

In compliance with LKAS 01 on presentation of financial statements, each material class of similar items is presented separately in the financial statements. Items of dissimilar nature or functions too are presented separately, if they are material.

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position, only when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously. Income and expenses are not offset in the statement of comprehensive income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies.

3 SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of financial statements requires the application of certain critical accounting assumptions relating to the future. Further, it requires the management of the company to make judgments, estimates and assumptions that affect the reported amounts of income, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability in future periods. Hence, actual experience and results may differ from these judgments and estimates.

In the process of applying the company's accounting policies, management has made the following judgments, estimates and assumptions which have the most significant effect on the amounts recognized in the financial statements:

a) **Taxation**

The company is subject to income taxes and other taxes. Significant judgment was required to determine the total provision for current, deferred and other taxes pending the issue of tax guidelines on the treatment of the adoption of SLFRS in the financial statements and the taxable profit for the purpose of imposition of taxes. Uncertainties exist, with respect to the interpretation of the applicability of tax laws, at the time of the preparation of these financial statements.

The company recognized assets and liabilities for current, deferred and other taxes based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income, deferred and tax amounts in the period in which the determination is made.

b) **Useful life-time of the property and equipment**

The company reviews the residual values, useful lives and methods of depreciation of assets as at each reporting date. Judgment of the management is exercised in the estimation of these values, rates, methods and hence they are subject to uncertainty.

c) **Going concern**

The Directors have made an assessment of the Company's ability to continue as a going concern and are satisfied that it has the resources to continue in business for the foreseeable future. Furthermore, the board is not aware of any material uncertainties that may cast significant doubt upon the Company's ability to continue as a going concern and they do not intend either to liquidate or to cease operations of the Company. Therefore, the financial statements continue to be prepared on the going concern basis.

d) **Post Balance Sheet Events**

No post balance sheet events reported which made a significant impact on the results of the company as of 31st March 2020.

e) **Impairment losses on financial assets**

The Company assesses at each reporting date or more frequently to determine whether there is any objective evidence whether an impairment loss should be recorded in the statement of comprehensive income.

f) **Impairment of available for sale investments**

The Company reviews its loan given to the share trust classified as available for sale investments at each reporting date to assess whether they are impaired. This requires similar judgment as applied on the individual assessment of loans and advances.

g) Deferred tax assets

Deferred tax assets are recognized for all deductible temporary differences, unused tax losses and tax credits to the extent it is probable that taxable profits will be available against which these losses/credits can be utilized. Significant management judgments are required to determine the amount of deferred tax assets that can be recognized, based on the likely timing and level of future taxable profits together with future tax planning strategies.

h) Defined benefit plans

The carrying value of defined benefit plans is determined using a formula which considers the actuarial assumption. This involves making various assumptions which may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, labour turnover rates, etc. Due to the complexity of the valuation, the underlying assumptions and their long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

In determining the appropriate discount rate, management considers the yield of Sri Lanka Government bonds with extrapolated maturities corresponding to the expected duration of the defined benefit obligation. Future salary increases are based on expected future inflation rates and expected future salary increase rate of the Company.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the company in preparation of its financial statements are included below. The accounting policies set out below have been applied consistently to all periods presented in these financial statements, unless otherwise is indicated.

4.1 Revenue recognition

4.1.1 Sale of goods

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue and associated costs incurred or to be incurred can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable net of trade discounts and sales taxes.

Revenue from the sale of goods is recognized when all the following conditions are satisfied:

- a) The company has transferred significant risks and rewards of ownership of the goods to the buyer.

- b) The company retaining, neither a continuing managerial involvement to the degree usually associated with ownership nor an effective control over the goods sold.
- c) The amount of revenue can be measured reliably and it is probable that the economic benefits associated with the transaction will flow to the entity; and
- d) The costs incurred or to be incurred in respect of the transaction can be measured reliably.

4.1.2 Interest income

Interest income is recognized using the Effective Interest Rate (EIR) method.

4.1.3 Dividend income

Dividend income is recognized in the statement of comprehensive income on an accrual basis when the Company's right to receive the dividend is established.

4.1.4 Other income

Other income is recognized on an accrual basis.

4.2 Expenditure recognition

Expenses are recognized in the statement of comprehensive income on the basis of a direct association between the cost incurred and the earning of specific items of income. All expenditure incurred in running the business and in maintaining property, plant and equipment in a state of efficiency has been charged to the statement of comprehensive income.

For the purpose of presentation of the statement of comprehensive income, the "function of expenses" method has been adopted, on the basis that it presents fairly the elements of the Company's performance.

Income tax expense comprises current and deferred tax. Income tax expense is recognized in the statement of comprehensive income.

4.3 Taxation

4.3.1 Current tax

Current tax assets and liabilities consist of amounts expected to be recovered from or paid to the Commissioner General of Inland Revenue in respect of the current year and any adjustment to tax payable in respect of prior years. The tax rates and tax laws used to compute the amount are those that are enacted or substantially enacted as at the reporting date.

4.3.2 Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting period date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose.

Deferred tax assets are recognised for all deductible differences. Carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profits will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset is reviewed at each reporting date and reduced to the extent it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognized deferred tax assets are reassessed at each Statement of financial position date and are recognised to the extent that it is probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rate that are expected to apply in the year when the assets are realized or the liabilities are settled, based on tax rates and tax laws that have been enacted or subsequently enacted at the reporting date.

4.4 Non-financial asset

4.4.1 Property Plant and equipment

Recognition and measurement

Property & equipment are recognised if it is probable that future economic benefits associated with the asset will flow to the entity and the cost of the asset can be measured reliably in accordance with LKAS 16 - property, plant & equipment. Initially property and equipment are measured at cost.

Cost model

Property and equipment is stated at cost or revalued amount, excluding the costs of day-to-day servicing, less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of the equipment when that cost is incurred, if the recognition criteria are met.

Subsequent cost

Subsequent expenditure incurred for the purpose of acquiring, extending, or improving assets of a permanent nature by means of which to carry on the business or to increase the earning capacity of the business is treated as capital expenditure and such expenses are recognized in the carrying amount of an asset. The costs associated with day-to-day servicing of property and equipment is recognized in the statement of comprehensive income as incurred.

Depreciation

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives. Depreciation is begins when the item is available for use. Land is not depreciated. The rates of depreciations based on the estimated useful lives are as follows:

Category of asset	Depreciation rate (%)
Building	4
Plant and Machinery	10
Laboratory Equipment	10
Electrical equipment	10
Miscellaneous assets	10
Motor vehicle	20
Office equipment	20
Furniture & Fittings	20
Computer Hardware and software	20
Land Improvement	05

The asset's residual values, useful lives and methods of depreciation are reviewed, and adjusted if appropriate, at each financial year end. Any assets, the value get changed significantly, based on the changes in the technology or due to other reasons, should be depreciated on a reasonable basis or either charge against the income of the company, depending on the nature and the value of the items (eg: Mobile Phones, Cameras)

The Assets, the total value is above Rs. 5,000/- could be recognized as Fixed Assets in the financial statement. Any assets value is below Rs. 5,000/-, is charged to Income Statement. A record is maintained by respective Department in order for future verification purpose.

De-recognition

Property and equipment is derecognized on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in 'other operating income' in the statement of comprehensive income in the year the asset is derecognized.

4.4.2 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount.

4.5 Operating leases

Leases where the lessor effectively retains substantially all the risk and benefits of ownership over the leased term are classified as operating leases. Operating lease payments are recognised as an expense on a straight-line basis over the lease term or on a basis which is more representative of the time pattern in which economic benefits from the leased asset are consumed.

4.6 Inventories

Stocks are stated at the lower of cost and net realizable value. Cost is determined on weighted average basis based on the cost of production. It has been the practice to apportion 40% of the costs of the Mine to “Crushed” production (Unprocessed) and to apportion the balance 60% to “Ground” production (Processed) when valuing the Phosphate stocks. Net realizable value is the price at which stock can be sold in the ordinary course of business after allowing for the cost of realization. Provision is made where necessary for obsolete, slow-moving and defective stocks.

4.7 Identification, measurement and assessment of impairment

At each reporting date the Company assesses whether there is objective evidence that financial assets not carried at fair value through profit or loss are impaired. A financial asset or a Company of financial assets is impaired when objective evidence demonstrates that a loss event has occurred after the initial recognition of the asset(s), and that the loss event has an impact on the future cash flows of the asset(s) that can be estimated reliably.

The Company writes off loans and advances and investment securities when they are determined to be uncollectible.

4.8 Cash and bank balances

Cash and bank balances are defined as cash in hand and balances with banks.

For the purpose of cash flow statement, cash and cash equivalents consist of cash in hand and deposits in banks net of outstanding bank overdrafts. Investments with short maturities i.e. three months or less from the date of acquisition are also treated as cash equivalents.

4.9 Stated capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments.

4.10 Retirement benefit obligations

4.10.1 Defined benefit plan – gratuity

The Company is liable to pay gratuity in terms of the Payment of Gratuity Act No. 12 of 1983, according to which an obligation to pay gratuity arises only on completion of 5 years of continued service. The valuation has been carried out using the Projected Unit Credit Method by an Actuary under actuarial assumptions. The present value of the Defined Benefit Obligation as at 31st March, 2020 with respect to employees in service based on the assumption and methodology is Rs. 43,937,440.00. The PVDBO calculated using formula method as at 31 March 2019 is Rs. 40,070,517.00. Liability is externally funded by way of a Fixed Deposit at Bank of Ceylon, Grandpass branch. The value of the fixed deposit as of year-end is Rs.62, 711,860.89. The amount invested is reviewed annually, based on the determined liability at the each year end.

4.10.2 Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the Statement of comprehensive income as in the periods during which services are rendered by employees.

a. Employees' Provident Fund

The company and employees contribute 12% and 10% respectively on the salary of each employee to the approved Provident Fund.

b. Employees' Trust Fund

The company contributes 3% of the salary of each employee to the Employees' Trust Fund.

4.11 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of comprehensive income net of any reimbursement.

4.12 Cash flow statement

The cash flow statement has been prepared using the indirect method, as stipulated in LKAS 7- statement of cash flows. Cash and cash equivalents comprise of cash in hand, cash at bank and bank overdrafts.

4.13 Segmental information

A Segment is a distinguishable component engaged in providing services and that is subject to risks and returns that are different to those of other segments. The company does not have distinguishable components to be identified as a segment as all operations are treated as one segment.

27. Financial risk management

The company's activities are exposed to variety of financial risks such as Market risk (including currency) risk, interest rate risk and price risk), credit risk and liquidity risk. The Company's overall risk management process focuses on the unpredictability of finance risk and seeks to minimize potential adverse effects on the Company's financial performance. Risk management is performed by the Finance Department under policies approved by the Board of Directors.

The principal financial instruments of the company comprise of short term deposits, money market investments, and cash. The main purpose of these financial instrument is to raise and maintain liquidity for the company's operations, and maximize returns on the company's financial reserves. The company has various other financial instruments such as trade receivables and trade payables witch arise directly from its business activities.

(a) Credit risk

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (if available) or to historical information about counterparty default rates. Credit risk arises from cash and cash equivalents and deposit with banks and financial institutions, as well as credit exposures to customers, including outstanding receivables and committed transactions.

(b) Trade receivables

Trade receivables consist of local customers. Ongoing credit evaluation is performed on the financial condition of accounts receivable. The company does not have a significant credit risk exposure to any single counterparty or any group of counterparties. The company has established policies and procedures to evaluate the clients before approving credit items.

(c) Liquidity risk

Cash flow forecasting is performed by the Finance Division. The Finance Division monitors rolling forecast of the company's liquidity requirements to ensure it has sufficient cash to meet operational needs. Surplus cash held over and above balance required for working capital management is invested in deposits with banks. At the reporting date, the company held deposits of Rs. 336,447,850 (31/03/2019 Rs. 270,119,791) that are expected to readily generate cash inflows for managing liquidity risk.

(d) Interest rate risk

The company has cash and bank balance including deposits placed with government and creditworthy banks. The company monitors interest rate risk by actively monitoring the yield curve trend and interest rate movement.

(e) Capital risk management

The company's objectives when managing capital are to safeguard the company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

28. Capital commitments and contingent liabilities

The company has no material capital commitment and contingent liabilities except the following.

- Retention Money on 2 Nos Brand-new Jaw Crushers [Keshara Engineering (Pvt) Ltd – Piliyandala]	Rs. 4,386,358.40
